ABOUT S.N.D.T Women's University, MUMBAI.

"संस्कृता स्त्री पराशक्ति"

SNDT Women's university is the first Women's university in India as well as in South-East Asia. The university was founded by Maharshi Dr. Dhondo Keshav Karve in 1916 for a noble cause of women's education. The first five women graduated in 1921 from this university. The university headquarters is in churchgate campus, Mumbai and the other two campuses of this university are at Juhu, Mumbai and Karve Road, Pune. In a century old existence, the university has grown into a multidisciplinary institute hosting diverse professional, technical and liberal arts programmes from K12 to Ph.D. SNDTWU is probably one such university where there is nursery school as laboratory for human development department, Centres for women's studies, inclusion and exclusion, distance education and has affiliated institutions for doctoral programmes. Unlike most university's in the country which have to have state jurisdictions, SNDTWU is unique in terms of jurisdiction. SNDTWU can affiliate colleges/institutions anywhere in India with prior consent from the state government. SNDT Women's University is committed to the cause of women's empowerment through access to education, particularly higher education, through relevant courses in the formal and non-formal streams. The university is committed to meet the changing socio-economic needs, with human values and purposeful social responsibility and to achieve excellence with "quality in every activity" through vocational and professional courses for women. There are six institutions recognized by SNDTWU for Ph.D. research scholars. SNDTWU is a home of 1100 teaching and non-teaching staff members and 50,000 students spread across seven states and union territory. SNDT women's university is in top 50 multi-disciplinary universities of India and ranked sixth in western India according to the Week Hansa Research ranking of 2016

VISION

Today, we visualize the SNDT women's university as a world class university that continually responds to the changing social realities through the development and application of knowledge. The purpose of such engagement will be to create an inclusive society that promotes and protects the dignity, equality, social justice and human rights for all, with special emphasis on empowerment of women.

MISSION

SNDT Women's University is committed to the cause of women's empowerment through access to education, through relevant courses in the formal and non-formal streams. Further, the university is committed to provide a wide range of professional and vocational courses for women to meet the changing socio-economic needs, with human values and purposeful social responsibility and to achieve excellence with "Quality Education"

MOTTO

The Vision of Bharat Ratna Dr. D. K. Karve to build a citadel of learning for women is university - "Sanskrita Stree Parashakti" - An enlightened woman is a source of Infinite strength. The university has been striving for and growing to newer heights of performance and outreach for over nine decades.

ABOUT IIFST Aurangabad.

*"Quality Education
With Value System"*

VISION

Our vision is to create a secular and democratic society, especially in the service of the poor, the oppressed and the marginalized and to be the most sought-after destination for quality education in India. **INDIAN INSTITUTE OF FOOD SCIENCE AND TECHNOLOGY, AURANGABAD** college was established with the vision of creating an ideal learner-centric environment where the youth would be groomed mentally, physically and psychologically to the requirement of modern Indian industry.

OUR FOCUS

INDIAN INSTITUTE OF FOOD SCIENCE & TECHNOLOGY, AURANGABAD college provides education to empower students to recognize and optimize their full potential; to achieve personal standards of excellence in academic work as well as in supportive areas of physical, cultural and social development, including civic and human values.

MISSION

To nurture holistic, socially responsible and continuously employable professionals and self-employees.

AIMS AND OBJECTIVES

The College believes in the transparency and constitutional ideal of contributing towards a society of equality, fraternity and liberty, through an admission policy of preferential option for the poor.

It tries to provide quality education to many students from socioeconomically marginalized sections of society, without compromising academic standards. It aims at developing a critical and rational mind, a concerned heart and sensitive conscience, a secular spirit with social concern, a commitment to cultural diversity and human values.

Education Attributes

1. Disciplinary Expertise:

Possess comprehensive knowledge and practical skills in food science, technology, and related disciplines to address industry challenges effectively.

2. Innovation and Creativity:

Demonstrate the ability to think critically and creatively to develop innovative solutions for food security, sustainability, and technological advancement.

3. Research and Analytical Skills:

Exhibit strong analytical and problem-solving skills, with the capacity to design, conduct, and evaluate research in food science and technology.

4. Leadership and Teamwork:

Lead and collaborate effectively in multidisciplinary teams to drive projects and initiatives in the food industry and academia.

5. Sustainability Awareness:

Embrace sustainable practices in food production and processing, promoting environmental stewardship and resource efficiency.

6. Ethics and Professionalism:

Uphold ethical standards, integrity, and professionalism in all academic and professional endeavors.

7. Effective Communication:

Communicate ideas, research findings, and technical information clearly and effectively to diverse audiences, including industry professionals and the community.

8. Lifelong Learning:

Demonstrate a commitment to continuous learning and staying updated with emerging trends and technologies in food science and technology.

9. Global Perspective:

Understand global food challenges and solutions, while contributing to local and international advancements in the field.

10. Community and Social Responsibility:

Advocate for and contribute to food security, nutrition, and public health improvements, particularly in underserved communities.

HERE ARE GLIMPSE OF OUR COURSES

- **B.Sc. in Food Science and Quality Control**

The B.Sc. in Food Science and Quality Control is an undergraduate program designed to equip students with a strong foundation in food science, technology, and quality management. The course emphasizes the principles of food processing, preservation, microbiology, and food safety. Graduates will gain hands-on experience in laboratory techniques, ensuring they can oversee food safety and quality control processes in various industries like food production, packaging, and regulation.

- **B.Sc. in Clinical Laboratory Science**

The B.Sc. in Clinical Laboratory Science focuses on the study of laboratory techniques essential for diagnosing and treating diseases. Students will learn to perform various medical tests, including blood, urine, and tissue analyses, while gaining expertise in lab management, medical ethics, and quality assurance. This course prepares students for careers in healthcare institutions, clinical laboratories, and diagnostic centers.

- **B.Sc. in Information Technology**

The B.Sc. in Information Technology is an undergraduate program focused on computer applications and modern information systems. Students gain knowledge in programming languages, database management, software development, networking, cybersecurity, and web technologies. The course emphasizes practical skills and problem-solving abilities required in the digital era. Graduates are prepared for careers in IT services, software development, system administration, and digital solutions.

- **B.Sc. in Chemistry**

The B.Sc. in Chemistry provides a strong foundation in chemical sciences, including organic, inorganic, physical, and analytical chemistry. Students develop practical laboratory skills, analytical techniques, and problem-solving abilities essential for scientific work. The course emphasizes theoretical knowledge along with hands-on experimentation. Graduates can pursue careers in chemical industries, pharmaceuticals, quality control, research, and higher education.

- **B.HSc. in Food Science and Nutrition**

The B.HSc. in Food Science and Nutrition integrates the study of food composition, nutrition, and health. Students learn about food processing, food safety, nutritional biochemistry, and the role of diet in health promotion. The course combines theoretical knowledge with practical exposure to food analysis and nutrition assessment. Graduates are prepared for careers in food industries, nutrition programs, research, and health-related sectors.

- **B.HSc. in Nutrition and Dietetics**

The B.HSc. in Nutrition and Dietetics focuses on the science of nutrition, diet planning, and therapeutic nutrition. Students gain knowledge of human physiology, nutritional assessment, and medical nutrition therapy. The course prepares students to design balanced diets for individuals across different life stages and health conditions. Graduates can work as dietitians, nutrition counselors, and wellness professionals in hospitals and community settings.

- **B.HSc. in Fashion and Apparel Design**

The B.HSc. in Fashion and Apparel Design is a skill-oriented program emphasizing garment design, textile science, and apparel production. Students learn pattern making, fashion illustration, fabric selection, and clothing construction techniques. The course blends creativity with technical knowledge and industry practices. Graduates are prepared for careers in fashion design, apparel manufacturing, merchandising, and entrepreneurship.

- **B.A. in Fashion Design**

The B.A. in Fashion Design is a creative program designed for students interested in the fashion industry. It covers textile design, garment construction, fashion illustration, and fashion marketing. Students will gain practical and theoretical knowledge to become successful fashion designers, trend analysts, and entrepreneurs, capable of working in design studios, retail, and fashion houses.

- **B.A. in Mass Media and Communication**

The B.A. in Mass Media and Communication focuses on the study of media, journalism, advertising, and digital communication. Students develop skills in content creation, reporting, media ethics, and public communication. The course provides both theoretical understanding and practical exposure to print, electronic, and digital media platforms. Graduates can pursue careers in journalism, media production, public relations, and corporate communication.

- **M.Sc. in Clinical Nutrition and Diabetics**

The M.Sc. in Clinical Nutrition and Diabetics focuses on the study of nutrition in managing diseases like diabetes, obesity, and other metabolic disorders. Students will learn about diet planning, medical nutrition therapy, and the role of nutrition in disease prevention and management. This course prepares students for careers in clinical settings, hospitals, healthcare centers, and as nutrition consultants for diabetic care.

- **M.Sc. in Nutrition and Food Processing**

The M.Sc. in Nutrition and Food Processing integrates advanced nutrition science with food processing and preservation technologies. Students study food quality control, product development, functional foods, and nutritional evaluation. The course emphasizes research, innovation, and industrial applications. Graduates are prepared for careers in food industries, research institutions, quality assurance, and nutrition-based product development.

- **M.Sc. in Microbiology**

The M.Sc. in Microbiology focuses on the study of microorganisms, their properties, and their applications in various industries. Students will learn about bacteriology, virology, immunology, and microbial genetics. The course prepares graduates to work in healthcare, pharmaceuticals, biotechnology, environmental management, and research fields.

- **M.Sc. in Computer Science**

The M.Sc. in Computer Science is a postgraduate program focusing on advanced computing concepts and technologies. Students gain in-depth knowledge of software engineering, data structures, algorithms, artificial intelligence, databases, and computer networks. The course emphasizes research, problem-solving, and application development. Graduates are equipped for careers in software development, data analytics, research, and academia.

- **Diploma in Interior Design**

The Diploma in Interior Design is a professional program focused on space planning, aesthetics, and functional design. Students learn interior concepts, furniture design, materials, lighting, and computer-aided design tools. The course emphasizes practical skills and creativity for real-world applications. Graduates can work as interior designers, design consultants, or start their own design ventures.

Message from the Chairman

Dear Students, Parents and Faculties,

Education is not merely about grades; it is about shaping minds, nurturing talents, and empowering individuals to embark on a journey of discovery and growth. At the Indian Institute of Food Science and Technology, we believe that each student's academic path is a story of resilience, passion, and transformation.

In this regard, ***Beyond the Grades: Capturing Journey, Celebrating Growth*** is more than just a record; it is a tribute to the spirit of our students, the dedication of our faculty, and the collective efforts that contribute to the development of knowledge and skills. It captures the essence of our commitment to not only imparting education but also fostering an environment where every individual can thrive and contribute meaningfully to society. As we move forward in our mission to advance food science, technology, and sustainability, we are reminded that our true success lies in the impact we make on lives, communities, and industries. This book symbolizes that very essence — a celebration of the journey that leads to personal and professional growth.

I extend my heartfelt gratitude to all who have contributed to this milestone and encourage every student to continue their pursuit of knowledge, for the greatest achievements lie beyond the grades. Together, let us build a future grounded in innovation, integrity, and sustainability.

With best wishes,
Dr. Rafiq Shaikh

Director and Principal key Message

“It is with immense pride and joy that I present this book, ***Beyond the Grades: Capturing Journey, Celebrating Growth***. Education is a lifelong journey, and it is not just the final outcome, but the experiences, challenges, and milestones along the way that shape us. At the Indian Institute of Food Science and Technology, we are committed to creating an environment where every student’s potential is recognized, nurtured, and empowered.

This book is a testament to the dedication and hard work of our students, faculty, and staff. It highlights the extraordinary efforts made to go beyond conventional learning, emphasizing not only academic excellence but also personal growth, resilience, and the development of skills that will last a lifetime. Through this initiative, we aim to celebrate the achievements of our students, while recognizing the collective efforts that have made their journey possible. This is more than a record of grades – it is a celebration of curiosity, creativity, perseverance, and the desire to make a meaningful contribution to the world.

As we continue to advance in the fields of food science and technology, let us always remember that true success is measured not by the grades we achieve but by the impact we have on others and the world around us. May this book inspire all of us to push the boundaries of our knowledge and continue striving for excellence in every step of our journey.

With warm regards,
Mr. Shahid Shaikh

3. WORLD POPULATION DAY & WORLD ENVIRONMENT DAY

Year	2025-26
Program Name	TREE PLANTATION-EK PED MAA KE NAAM
Mode of program	Offline
Name of Guest / Expert/ Speaker	Dr. B.L. Chavan (prof. and head, department of environmental science BAMU)
Topic	Effects on environment with increasing population
Date of Program	DATE 11/07/2025
Outcomes	This campaign conducted for students to know following things: • To spread the awareness in students about tree plantation and it happen. • Student got aware about importance of population control for better future and better environment also availability of resources. • Economic growth: Reduced fertility rates can ease the strain on resources and infrastructure, leading to improved living standards. A higher share of the population in the working-age bracket, known as the "demographic dividend," can also boost economic productivity. • Improved public health: Access to family planning education and contraceptives improves maternal and child health by allowing for better spacing of births. It also reduces pressure on public healthcare systems. • Increased opportunities for women: Women with control over their reproductive choices are more likely to pursue education and employment, which contributes to gender equality and overall development. • Environmental benefits: Slower population growth can lessen the demand for finite resources, reducing pollution, deforestation, and carbon emissions. • Poverty reduction: Smaller families can more effectively provide for their children's needs, such as nutrition and education, which helps to break the cycle of poverty.

Expert Talk

On
Effects on Environment with
Increasing population

Date: 11/07/25

Guest:-

Dr. B. L. Chavan

Professor and Head,

Department of Environmental Science,

Dr. Babasaheb Ambedkar Marathwada University, CSN

Objectives:

To raise awareness about the impact of population growth on environment by increasing demand for resources and creating more waste & pollution.

Report:

On the occasion of World Population Day an Informative Seminar was delivered by Honorable Guest at IIFST, CSN. In which he gave information about theme of World Population Day 2025 which was "Empowering young people to create the families they want in a fair & hopeful world." Also explained Importance of Population control, Family management, causes of population explosion and characteristics of population growth. Students current situation in India due to increasing population was also elaborated by giving examples in our day to day life.

Outcomes:

- Students got aware about pop Importance of population control for better future and better environment also for availability of resources.

4. RABIES AWARENESS

Year	2025-26
Program Name	Rabies Awareness day
Mode of program	Offline
Name of Guest / Expert/ Speaker	Akash Rajusing Bedwal (mission rabies education officer)
Topic	To enhance understanding and application of evidence-based nutritional strategies for improving outcomes in critically ill Patients.
Date of Program	DATE 21-07-2025
Outcomes	• Students and participants gained knowledge about the causes, symptoms, and prevention of rabies. • Increased awareness about the importance of immediate vaccination after animal bites. • Understanding of the “prevention is better than cure” concept in rabies. • Encouragement of responsible pet ownership and timely pet vaccination. • Promotion of community-level participation in spreading rabies awareness. • Development of positive attitudes towards protecting oneself and others from rabies. • Motivation among students to act as ambassadors of awareness in their families and society. • Strengthening of the global goal to eliminate rabies-related deaths through education.

Rabies Awareness Session

Page No.
 Date 21.01.25

Guest

Akash Rajurimang, Regional
(Mission Rabies Education officers)
BMC Animal Husbandry office
Chh. Sambhajinagar - 880546285.

Objectives:

To educate students and other participants about rabies, its prevention, and the importance of seeking timely treatment.

Report

Rabies awareness session was conducted at IIFST, Ch. Sambhajinagar to raise awareness about rabies prevention and to highlight progress in defeating this horrifying disease.

Rabies is a viral disease that is transmitted through saliva or tissues from the nervous system from an infected mammal to another mammal, usually through a bite. Dog vaccination is the most reliable, sustainable, and cost effective way to protect from rabies.

Although dogs are primary source of rabies, rabies can affect other animals too and it is wise to vaccinate all animals against rabies, particularly livestock.

Outcomes:

Students and participants in session got the knowledge necessary to protect themselves from dog bites & mitigate the associated risks of rabies transmission.

4. DAYS HANDS ON TRAINING

Year	2025-26
Program Name	4 DAYS HAND ON TRAINING
Mode of program	Offline
Name of Guest / Expert	-
Topic	
Date of Program	DATE 21/07/2025
Outcomes	• Students gained practical knowledge of proximate analysis used to determine nutritional components such as moisture, protein, fat, ash, and carbohydrates in food samples. • Participants developed hands-on skills in basic water quality testing, including analysis of important physical and chemical parameters. • The training improved students' laboratory skills and familiarity with scientific instruments used in food and water analysis. • Students understood the importance of food safety, quality control, and nutritional evaluation in the food industry. • The program enhanced analytical thinking and technical competency in handling laboratory procedures and sample testing. • Participants received exposure to real laboratory practices, bridging the gap between theoretical knowledge and practical application. • Students became more aware of career opportunities in food testing laboratories, quality assurance, and research fields. • The certification and training helped increase students' employability and readiness for internships or jobs in food analysis laboratories.

③ Dr. Anurag Jaiswal
④ Mrs. Rani S. Rannaware

Kamalnayan Bajaj Hospital, Chh. Sambhajinagar

Report:

CPR is cardiopulmonary resuscitation is an emergency procedure that combines chest compresses and rescue breaths to help someone who has stopped breathing or whose heart has stopped beating. It's a life saving technique used to maintain blood flow and oxygen to vital organs until professional medical help arrives.

Guest doctors gave proper guidance about the steps required to give CPR in emergency conditions by giving ^{live} demonstration to students.

Outcomes:

- 1) Students got to know about what to do if they see someone in emergency & struggling to take breathe/unconscious.
- 2) Live demonstration with explanation was given.

10. CELEBRATION OF INDEPENDENCE DAY

Year	2025-26
Program Name	Celebration of Independence day
Mode of program	Offline
Name of Guest / Expert/ Speaker	College General secretary and Cultural secretary
Topic/them	Role of youth in national building
Date of Program	DATE 13/08/2025 TO 15/08/2025
Outcomes	• Renewed Patriotism: Strengthened love and respect for the nation among students, staff, and community. • Historical Awareness: Participants revisited the struggles of freedom fighters and connected them with present-day responsibilities. • Unity in Diversity: Programs highlighted cultural richness and promoted harmony across communities. • Youth Empowerment: Students were motivated to take active roles in shaping India's future. • Civic Responsibility: Instilled a sense of duty, discipline, and responsibility towards society and the environment. • Skill Development: Performances, speeches, and organizing activities enhanced confidence, leadership, and teamwork. • Innovation & Progress: Themes focused on "Viksit Bharat 2047" encouraged participants to contribute to nation-building. • Environmental & Social Awareness: Tree plantation drives, cleanliness campaigns, and social messages tied freedom with sustainable growth.

National Sports day - 2025
Event - Tag of War, Dodge ball

Guest:- Expert talk - Mr. Shahid Shaikh
(National player - Volleyball)

Great program with great active audience
I felt very honoured that some for the
new generation of our future players with
best energy & best attitude. I wish very best
of luck for all for their future sports world

Report:

Event of National sports day started with
Zumba workout. After that students played
Tag of War. students were full of enthusiasm
for playing sports.

After that Respected Director of IIFST
Mr. Shahid Shaikh Sir delivered a lecture
Mr. S on importance of participating in sports
Benefits of being physically active, also
encouraged students for participating in various
sports according to their choice like indoor
as outdoor games.

Outcomes:

- 1) Created awareness about importance of sports & fitness in academic as well as daily life
- 2) Inspired students to participate in sports activities regularly & showcase their talent
- 3) Improved physical awareness and encouraged students to adopt healthy lifestyle

13. CELEBRATION OF NATIONAL NUTRITIONAL WEEK

Year	2025-26
Program Name	Celebration of National Nutritional Week
Mode of program	Offline
Topic/Theme	"Eat Right for a Better Life,"
Date of Program	DATE 12/09/2025 TO 18/09/2025
Outcomes	• The inauguration of nutrition week starts with the creative mind and talented students' rangoli design. • Students admired the word of guest on nutrition. • National Nutrition Week 2025, celebrated with the theme "Eat Right for a Better Life," successfully created awareness about balanced nutrition and healthy eating habits. The programme enhanced students' understanding of the role of proper nutrition in promoting overall health and a better quality of life. • Nutritional Week Day 1 was successfully conducted with a Pink, Red, and Brown theme, enhancing students' awareness of nutrition, food safety, and public health through the inauguration, poster and model presentations, and recipe competition. The expert session by Dr. Dhyanand M. Patel, Assistant Commissioner, FDA, CSN, provided valuable insights into food safety regulations and inspired practical application of nutritional knowledge. • Day 2 was successfully celebrated with the pink, white, and gray color theme through Mehndi and Rangoli competitions. These activities promoted creativity while spreading awareness about nutrition, health, and positive lifestyle practices among students, encouraging active participation and teamwork. • Day 4 was successfully conducted with the blue, purple, and violet color theme through essay and debate competitions, which enhanced students' knowledge, critical thinking, and communication skills related to nutrition. The

	expert talk by Dietitian Manju Manthalkar on improving nutritional intake in day-to-day life provided practical guidance, increased awareness about healthy food choices, and encouraged students to adopt better dietary practices in daily living. • Day 5 was successfully celebrated with the green color theme through a Quiz Competition on National Nutrition Week. The activity enhanced students' nutritional knowledge, reinforced key concepts in a fun and interactive manner, and encouraged active participation and healthy awareness. • Day 6 (17th September 2025) was observed as Marathwada Mukti Sangram Diwas to honor the historic Marathwada Liberation Movement. This observance fostered patriotism, historical awareness, and respect for the sacrifices of freedom fighters among students, while aligning the Nutrition Week celebration with values of social responsibility and national integrity. • National Nutrition Week (Day 7) 1. The yellow–orange color theme created a vibrant and positive environment for the concluding day. 2. The National Awareness Rally conducted in collaboration with FDA, CSN increased public awareness about nutrition, food safety, and healthy lifestyles. 3. The Kitchen Garden Display promoted the importance of home-grown, fresh, and nutritious foods. 4. The Nutrition Board Display helped students and visitors understand key nutrition messages in a simple and effective manner. 5. The Valedictory Programme marked the successful completion of National Nutrition Week. 6. The expert talk by Dr. Saif Hamid on “Purpose and Passion in Life” motivated students to focus on personal growth, well-being, and a meaningful approach to life.

Mehandi competition

Participants:

1) Shivani Damayyamar

2) Pallavi Navle

Chitara

Basak

Mehandi competition was organized to celebrate National nutrition week. It was held to engage students and raise awareness for nutrition theme.

The objective is to combine traditional art of mehandi with social message of healthy eating, reflecting the 2025 theme "Eat right for a better life".

Objectives:

- To use creative expression, specifically mehandi art, as a unique medium to convey message about nutrition.
- To provide a platform for students to showcase their artistic talents and creativity.

Outcomes:

- Creative expression of health message
- Enhanced community participation
- Skill development
- Heightened nutritional awareness

National Nutrition Week 2025

Page No.
 Date 15/4/25

Essay Competition.

In alignment with national nutrition week, objectives, Home science department organized a week long series of activities, featuring an essay writing competition to promote nutritional awareness.

Objectives

- To create awareness regarding the importance of nutrition & balanced diet.
- To encourage students to express creative & scientific ideas regarding health & nutrition.
- To promote the "Eat Right" movement.

Theme (Topics of essay competition)

- 1) "Role of nutrition in women's health" - Special focus on adolescence, pregnancy and menopause.
- 2) "Traditional Foods vs Fast Foods" - which is better for our health?
- 3) "Food as medicine" - role of nutrition in preventing lifestyle disease.

Essays were judged on originality, structure, relevance to theme & depth of content by panel of judges.

Outcomes

- 1) Enhancing knowledge
- 2) Raising awareness
- 3) Recognizing talent.

National Nutrition Week 2025

Page No.
 Date 15 Sep 25

Debate competition.

As a part of National nutrition week celebrations, debate competition was organized to engage students in meaningful discourse regarding health, diet, & lifestyle. The event

Objectives:

- To encourage critical analysis of current nutritional analysis issues & government initiative like Poshan Abhiyan.
- To improve public speaking and argumentative skills among participants.
- To explore the socio-economic factors affecting food accessibility & affordability.

Themes: (Topics)

- 1) Healthy eating is more important than tasty eating.
- 2) Men - streaming.
- 3) A plant based diet better than animal based diet for long term healthy.

Outcomes:

- 1) Cognitive development.
- 2) Community impact.
- 3) Skill building.

National Nutrition Week 2025

Expert Talk.

Guest: Manju M. Manthalekar
Dietician

15/09/2025

Expert Topic:
"How to improve nutrition in day to day intake"

Report:
On the occasion of National Nutrition Week, Expert talk on "How to improve nutrition in day to day intake" was organized by Home Science department IIFST, Ch. Sambhaji nagar, to promote awareness about balanced nutrition and its importance in maintaining good health.

The guest speaker shared valuable insights on:

- 1) The significance of balanced diet in daily life
- 2) Role of macro & micronutrients in physical & mental well-being.
- 3) Common dietary deficiencies & how to overcome them
- 4) Importance of hydration & meal timing.
- 5) Smart food choices for students.

14. School visit

Year	2025-26
Program Name	School visit
Mode of program	Offline
Name of Guest / Expert/ Speaker	Dr. khan Farhana mahreen
Topic	Indira Gandhi School visit [Chh sambhajinagar]S
Date of Program	19/09/2025
Outcomes	• The IIFST college visit to Indira Gandhi School and display of nutrient board projects provided school students with practical information about packaged foods, including reading nutrition labels and understanding healthy food choices. The activity also enhanced college students' communication, teaching, and community outreach skills by applying nutrition knowledge in a real-life educational setting. • The Mehndi, Poster, Rangoli, and Essay competitions conducted by our college promoted creativity, artistic expression, and critical thinking among school students. • The activities enhanced awareness about nutrition and health, encouraged active participation, and fostered confidence, teamwork, and communication skills.

World Food Day

Page No. _____
 Date 16/10/25

India annually observe World Food day on October 16 to promote awareness about Food security, nutrition, and the elimination of food waste.

Theme: The theme for world food day on October 16, 2025 is "Hand in hand for better foods and a better future".

Objective:

- 1) Raise awareness
- 2) Reduce food loss & waste
- 3) Improve access to nutritious food
- 4)

Report:

Students organized educational competitions like quizzes and various fun activities to raise awareness about nutritious food, also to give knowledge about drawbacks of eating packaged food, fast food, junk food.

Outcomes:

- 1) Enhanced awareness
- 2) Nutritional literacy
- 3) Skill development - Through organizing competitions like quizzes & fun activities
- 4) Behavioural change - A key outcome is the personal commitment of students to reduce personal food waste & adopt "clean plate" habits.

* निमंत्रण पत्रिका *

आदरणीय
श्री./सौ. _____

आपणांस कळविण्यात अत्यंत आनंद होत आहे की,

YESummit - District Young Entrepreneurs Summit 2026

या जिल्हास्तरीय उद्योजकता परिषदेचे आयोजन छत्रपती संभाजीनगर जिल्ह्यात करण्यात येत आहे.

YESummit हा युवक विद्यार्थी, महिला व नवउद्योजकांसाठी तयार करण्यात

आलेला एक प्रभावी व्यासपीठ आहे. या माध्यमातून

व्यवसाय कल्पना सादरीकरण (Idea Pitching), उद्योजकता मार्गदर्शन, तज्ञ मार्गदर्शन (Mentorship), आणि व्यवसाय नेटवर्किंग (Business Networking), यांच्या माध्यमातून उद्योजकतेला चालना दिली जाते.

या जिल्हास्तरीय समिटमधून निवड झालेले सहभागी पुढील राज्य व राष्ट्रीय स्तरावरील **YESummit** साठी पात्र ठरणार आहेत, ही या उपक्रमाची विशेष बाब आहे.

तरी आपण सदर कार्यक्रमास उपस्थित राहून या उद्योजकता उपक्रमाची शोभा वाढवावी, ही नम्र विनंती.

कार्यक्रमाचे नाव

YESummit - District Young Entrepreneurs Summit 2026

दिनांक

मंगळवार, २३ डिसेंबर २०२५

वेळ

सकाळी ११.३० वाजता

स्थळ

डॉ. बाबासाहेब आंबेडकर मराठवाडा विद्यापीठाचे
गोपीनाथराव मुंडे ग्रामीण विकास संस्था, छत्रपती संभाजीनगर.

आपली उपस्थिती आम्हाला निश्चितच प्रेरणादायी ठरेल.

आपल्या सकारात्मक प्रतिसादाची अपेक्षा आहे, सप्रेम नम्र विनंतीसह.

World Leprosy Day

 Guest:

Dr. Quadai Neha Nausheen
Lecturer at Govt Pharmacy
College,
M. Pharm PhD (Pharmacology)

Signature

Theme: Leprosy is curable, the real challenge
is stigma.

Feedback:

This was very great & enthusiastic
experience with students.
All the staff and students were
very co-operative and hospitality was
also up to the expectation.
Look forward to come and share
information on various topics
again.

Objectives:

1) Awareness 2) Stigma reduction 3) Case detection
4) Support.

Report:

Guest lecturer Quadai Neha mam was invited
she gave seminar about early symptoms, multi-drug
therapy (MDT) & fact leprosy is curable.

Outcomes:

1) Stigma reduction & stigma social inclusion
2) Improved awareness
3) Early diagnosis emphasis

24. FREE HEALTH CHECK UP CAMP

Year	2025-2026
Program Name	FREE HEALTH CHECK UP CAMP
Mode of program	Offline
Name of Guest / Expert/ Speaker	Dr. Subhangi [Kamalnayan Bajaj Hospital.]
Topic	• GENERAL CHECKUP • ORAL HEALTH SCREENING • OPHTHALMIC/EYE SCREENING • FREE EXPERT CONSULTATION
Date of Program	DATE -14/02/2026
Out comes	• The health camp helped in early detection of common health problems through general check-ups, oral screening, and eye examinations. • Participants gained awareness about personal health, hygiene, and preventive healthcare practices. • Students and staff received free expert medical consultation from doctors of Kamalnayan Bajaj Hospital. • The program encouraged participants to prioritize their health and adopt healthier lifestyle habits. • Students of Indian Institute of Food Science & Technology developed practical exposure to community health initiatives. • The activity promoted community engagement and social responsibility among NSS volunteers. • Participants were guided regarding follow-up medical care when required. • The camp strengthened collaboration between educational institutions and healthcare organizations for community welfare.

A Free health checkup camp was organized. In that, General checkup, oral health screening, ophthalmic/eye screening /Free expert consultation, were included.

Objectives:

The primary goal is usually to provide free essential health services (consultations, diagnostics) & to raise awareness about preventive measures like hygiene, nutrition and common diseases.

Outcomes:

1) Specialized screening -

i) Dental - Identification of dental caries and poor oral hygiene, often resulting in referrals or minor treatments like pit, fissure sealants.

ii) ophthalmology - Detection of visual impairment and distribution of free spectacles.

2) Knowledge transfer:

3) Social messaging.

25. JOB PLACEMENT DRIVE

Year	2025-26
Program Name	JOB PLACEMENT DRIVE
Mode of program	Offline
Name of recruiter	Mr. Ganesh B. Sangle and Ms. Sujata Kasbe
Topic	Campus Drive
Date of Program	14/02/26
Outcomes	- Students gained direct interaction with industry professionals, helping them understand current trends and expectations in the food and nutrition sector. - Participants learned about career opportunities in food product development, quality control, food testing, and research laboratories. - The placement drive enhanced students' interview skills, communication skills, and professional confidence. - Students received guidance on resume preparation, workplace ethics, and job responsibilities in food laboratories. - Eligible students were shortlisted/selected for internship or job opportunities at Shlokk Food Lab. - The program helped bridge the gap between academic knowledge and industry requirements. - Students developed awareness about practical applications of food science and nutrition in laboratory settings. - The event strengthened institution–industry collaboration, creating more placement opportunities for students in the future.

REPORT

Program Name	Celebration of world Brain Tumor Day	
Mode of program	Offline	
Guest	Dr. Chandrashekhar khanarphale	
Date of Program	DATE 08/06/2025	
Outcomes	• 1. Increased Public Awareness • Celebrations such as seminars, campaigns, and social-media drives help people learn about brain tumors, their symptoms, and risk factors. This awareness encourages individuals to recognize warning signs like headaches, seizures, or vision problems and seek medical help early. • 2. Early Detection and Timely Treatment • One major outcome is encouraging early diagnosis, which can significantly improve survival and treatment outcomes. Awareness programs educate people about the importance of medical checkups and early screening.

REPORT

Year	2025-26
Program Name	TREEPLANTATION-EKPEDMAAKENAAM ON OCCASION OF WORLD ENVIRONMENT DAY & WORLD POPULATION DAY
Mode of program	Offline
Name of Guest/Expert	Dr. B.L. Chavan (prof. and head, department of environmental science BAMU)
Topic	Effects on environment with increasing population
Date of Program	DATE11/07/2025
Outcomes	This campaign conducted for students to know following things: • To spread the awareness student about tree plantation and it happen. • Student got aware about importance of population control for better future and better environment also availability of resources. • Economic growth: Reduced fertility rates can ease the strain on resources and infrastructure, leading to improved living standards. A higher share of the population in the working-age bracket, known as the "demographic dividend," can also boost economic productivity. • Improved public health: Access to family planning education and contraceptives improves maternal and child health by allowing for better spacing of births. It also reduces pressure on public healthcare systems. • Increased opportunities for women: Women with control over their reproductive choices are more likely to pursue education and employment, which contributes to gender equality and overall development. • Environmental benefits: Slower population growth can lessen the demand for finite resources, reducing pollution, deforestation, and carbon emissions.

REPORT

Year	2025-26
Program Name	National Herpes Awareness Day
Mode of program	Offline
Guest	Dr. Minhaj Khan
Date of Program	13/10/2025
Outcomes	• Raises Awareness: Reminds the public that herpes is common and manageable. • Destigmatizes Sexual Health: Encourages open conversations about STIs. • Promotes Safer Practices: Supports education on prevention, testing, and treatment. • Stigma Reduction: Herpes affects millions globally, yet stigma remains high. Awareness campaigns aim to normalize conversations and reduce shame. • Myth-Busting: Corrects misconceptions (e.g., herpes is not rare, and many people live healthy lives with it). • Support Networks: Encourages people to seek counselling, peer support groups, and online communities for emotional well-being. • Treatment Awareness: Promotes knowledge of antiviral medications and over-the-counter symptom relief products (e.g., FemiClear, shown to reduce HSV activity in lab tests). • Encouraging Testing: Campaigns urge individuals to get tested, reducing undiagnosed cases and preventing transmission.

REPORT

Year	2025-26
Program Name	WORLD OSTEOPORESIS DAY
Mode of program	Offline
Guest	Dr. Arshad sheikh
Date of Program	20/10/2025
Outcomes	•Awareness of Bone Health: Highlights that osteoporosis affects 1 in 3 women and 1 in 5 men over 50, leading to fragile bones and fractures. •Prevention Focus: Campaigns emphasize nutrition (calcium, vitamin D), exercise, and lifestyle changes to strengthen bones. •Early Detection: Promotes bone density testing and screening to prevent fractures before they occur. •Global Burden: Osteoporosis causes millions of fractures annually, with hip fractures being especially life-threatening in older adults. •Public Education: Schools, hospitals, and communities organize events to teach about bone health. •Stigma Reduction: Encourages open conversations about aging and bone fragility. •Community Engagement: Fitness drives, awareness walks, and workshops promote active lifestyles. •Patient Empowerment: Helps individuals understand that osteoporosis can be managed with proper care.

Workshop Outcomes

Rakhi Making Workshop

1. Introduction

A Rakhi making workshop is a creative activity conducted during the festival of Raksha Bandhan where participants design and create handmade rakhis. It promotes creativity, cultural understanding, and entrepreneurship skills.

Educational Outcomes:

- Understanding of Indian culture and traditions
- Knowledge of design techniques and materials

Skill Development:

- Creativity and artistic skills
- Fine motor skills and hand coordination
- Problem-solving and innovation

Entrepreneurial Outcomes:

- Opportunity to start small handmade rakhi business
- Pricing, packaging, and selling skills

Social Outcomes:

- Teamwork and collaboration
- Confidence building through participation

Breastfeeding Week Celebration

1. Introduction

World Breastfeeding Week is celebrated every year from **1st to 7th August** to promote the importance of breastfeeding for the health of both mother and baby. Activities like rallies, poster making, and awareness programs are organized.

Rally Arrangement

During Rally:

- Participants carry awareness messages
- Use slogans like:
 - “Breastfeeding is best feeding”
 - “Healthy mother, healthy baby”
- Maintain discipline and safety

Post-Rally:

- Short awareness talk or street play
- Distribution of pamphlets

Outcomes of the Programme

Awareness Outcomes:

- Increased knowledge about breastfeeding benefits
- Reduced myths and misconceptions

Health Outcomes:

- Promotion of exclusive breastfeeding practices
- Improved child nutrition and immunity

Social Outcomes:

- Community participation and support
- Encouragement to mothers through public awareness

Educational Outcomes:

- Students learn about maternal and child health
- Development of communication and creative skills

NSS Camp at Waluj–Pandharpur on Handicrafts & Embroidery

1. Introduction

The National Service Scheme (NSS) camp organized at **Waluj–Pandharpur** focuses on community development and skill enhancement. The theme of handicrafts and embroidery aims to promote traditional art, self-employment, and women empowerment.

Activities Conducted Handicraft Activities:

- Training in making decorative items like wall hangings, rakhi, soft toys
- Use of eco-friendly materials (paper, jute, fabric waste)
- Demonstration by local artisans

Learning Experience

- Understanding traditional Indian handicrafts
- Hands-on practice in embroidery techniques
- Exposure to local culture and artisan skills
- Development of creativity and patience

Outcomes of the Programme

Skill Development:

- Improved embroidery and handicraft skills
- Better hand coordination and design sense

Economic Outcomes:

- Encouragement for self-employment and small-scale business
- Knowledge of selling handmade products

Social Outcomes:

- Women empowerment in rural areas
- Strengthening community bonding

Educational Outcomes:

- Practical learning beyond classroom
- Awareness of traditional arts and crafts

Personal Development:

- Teamwork and leadership skills
- Increased confidence and creativity

National Handloom Day Programme

1. Introduction

National Handloom Day is celebrated on **7th August** every year to promote India's rich handloom heritage and support weavers. Educational institutions organize programmes like displays and fashion shows to create awareness.

Display (Exhibition)

- Exhibition of handloom fabrics such as cotton, silk, khadi
- Display of traditional weaves like Banarasi, Paithani, Chanderi
- Information charts about weaving techniques and regions
- Live demonstration by artisans (if possible)

Fashion Show

- Students model handloom garments (sarees, kurtas, dresses)
- Showcasing traditional and modern fusion wear
- Theme-based presentation (e.g., "Vocal for Local")
- Introduction of each outfit with fabric details

3. Outcomes of the Programme

Awareness Outcomes:

- Increased knowledge about Indian handloom heritage
- Understanding the importance of supporting local weavers

Cultural Outcomes:

- Appreciation of traditional textiles and craftsmanship
- Promotion of Indian culture and identity

Educational Outcomes:

- Learning about different fabrics, weaving styles, and regions
- Practical exposure through display and participation

Skill Development:

- Confidence and presentation skills through fashion show
- Creativity in styling and designing outfits

Economic Outcomes:

- Encouragement to use and promote handloom products
- Support for small-scale weavers and artisans

Self Makeup Demo Workshop

1. Introduction

A self makeup demo workshop is organized to teach individuals how to apply makeup on themselves for daily use and special occasions. It focuses on enhancing natural beauty, hygiene, and confidence through proper techniques.

Programme Activities

- Demonstration of basic skincare (cleansing, toning, moisturizing)
- Step-by-step makeup application (foundation, concealer, compact)
- Eye makeup techniques (eyeliner, eyeshadow, mascara)
- Lip makeup application (lip liner, lipstick)
- Hair styling basics
- Tips on choosing products according to skin type and tone

Outcomes of the Programme

Skill Development:

- Ability to do self makeup independently
- Knowledge of correct application techniques

Personal Grooming:

- Improved appearance and hygiene awareness
- Better understanding of skincare routine

Confidence Building:

- Increased self-confidence and personality development
- Better presentation skills

Educational Outcomes:

- Awareness of different makeup products and their uses
- Understanding skin types and suitable cosmetics

Entrepreneurial Outcomes:

- Opportunity to pursue career in beauty and makeup industry
- Basic knowledge for starting freelance makeup services

Youth Festival: Dance & Rangoli (Different Types of Art)

Introduction

A Youth Festival is a cultural event organized to showcase students' talents in various art forms such as dance, rangoli, music, and drama. It encourages creativity, participation, and appreciation of Indian culture.

Dance (Performing Art)

- **Classical Dance:** Bharatanatyam, Kathak, Odissi
- **Folk Dance:** Lavani, Bhangra, Garba
- **Western Dance:** Hip-hop, Jazz, Contemporary
- **Fusion Dance:** Combination of classical and modern styles

Outcomes of the Programme

Skill Development:

- Improvement in artistic and creative skills
- Better coordination and stage performance

Cultural Awareness:

- Understanding and appreciation of Indian traditions
- Preservation of cultural heritage

Personal Development:

- Boost in confidence and self-expression
- Development of teamwork and leadership qualities

Educational Outcomes:

- Learning beyond academics
- Exposure to different art forms

Social Outcomes:

- Interaction and bonding among students
- Healthy competition and sportsmanship

Advanced Pattern Making – 7 Days Workshop

Introduction

An **Advanced Pattern Making Workshop** is a short-term training programme focused on developing professional skills in garment construction. The 7-day workshop emphasizes **3D garment development**, advanced pattern techniques, and blouse designing.

Workshop Activities

Day-wise Learning (Overview):

- Introduction to advanced pattern making
- Understanding body measurements and fitting
- 3D draping techniques on dress forms
- Pattern drafting and manipulation
- Dart manipulation and style lines
- Blouse pattern making (different styles)
- Final garment construction and finishing

3D Garment Techniques

- Draping fabric directly on mannequin
- Creating patterns from 3D forms
- Developing complex designs with better fitting
- Experimenting with folds, pleats, and layers

Advanced Patterning (Blouses)

- Princess cut blouse
- Boat neck and collar variations
- Sleeveless and designer sleeve patterns
- Backless and high-neck blouse designs
- Pattern alteration for perfect fitting

Industrial / Field Visit

- Visit to garment industry or boutique
- Observation of production process
- Understanding cutting, stitching, and finishing
- Interaction with designers and workers

Outcomes of the Programme

Skill Development:

- Mastery in advanced pattern making techniques
- Ability to create 3D garments with accurate fitting

Technical Knowledge:

- Understanding of pattern drafting and draping
- Knowledge of blouse construction and variations

Creative Development:

- Enhanced design thinking and innovation
- Ability to experiment with new styles

Industry Exposure:

- Practical knowledge from field visits
- Awareness of garment production process

Career Opportunities:

- Preparation for jobs in fashion industry
- Opportunity to start own boutique or tailoring business

Personal Development:

- Increased confidence and professionalism
- Improved precision and attention to detail

Industrial Visit in Textiles – Outcomes

Introduction

An industrial visit in the textile sector provides practical exposure to students about fabric production, processing, and garment manufacturing. It helps bridge the gap between theoretical knowledge and real-world industry practices.

Outcomes of the Industrial Visit

Practical Knowledge:

- Better understanding of textile manufacturing processes
- Real-life experience of industry operations

Technical Skills:

- Awareness of machinery handling and workflow
- Knowledge of production techniques and fabric development

Educational Outcomes:

- Clear connection between classroom theory and practical application
- Improved subject understanding

Industry Exposure:

- Interaction with professionals and workers
- Understanding workplace environment and discipline

Career Awareness:

- Insight into job roles in textile industry
- Motivation to pursue careers in textiles and fashion

Skill Development:

- Observation and analytical skills
- Problem-solving and critical thinking

Personal Development:

- Improved confidence and communication skills
- Teamwork and professional behavior

Workshop Outcomes

After attending the *Wonder Stitch Machine Demonstration Workshop*, participants will be able to:

1. Understand Machine Basics

Gain knowledge about the parts, functions, and working mechanism of the Wonder Stitch Machine.

2. Operate the Machine Efficiently

Learn how to properly handle, set up, and operate the machine for different stitching purposes.

3. Explore Different Stitch Types

Identify and practice various stitches such as straight stitch, zig-zag stitch, decorative stitches, etc.

4. Improve Sewing Skills

Enhance practical sewing techniques and precision in garment construction.

5. Troubleshoot Common Issues

Recognize and solve basic machine problems like thread breakage, needle issues, and tension faults.

6. Maintenance and Care

Understand proper cleaning, oiling, and maintenance of the machine for long-term use.

7. Application in Garment Making

Apply stitching techniques in creating garments, alterations, and finishing.

8. Boost Confidence and Creativity

Develop confidence in using sewing machines and encourage creative design ideas.

Trip Outcomes: Igatpuri and Bhandara

1. Cultural Awareness

Students gain knowledge about local traditions, lifestyle, and culture of rural and semi-urban areas.

2. Exposure to Natural Environment

Visit to Igatpuri helps students experience scenic landscapes, hills, and natural beauty, increasing environmental awareness.

3. Learning about Local Industries

In Bhandara, students understand agriculture-based industries like rice production and local handicrafts.

4. Practical Knowledge

Students connect classroom learning with real-life experiences through observation and interaction.

5. Skill Development

Improves communication, teamwork, and observation skills during travel and group activities.

6. Stress Relief and Recreation

Trips provide relaxation, refreshment, and mental well-being outside the academic environment.

7. Social Interaction

Encourages bonding among students and builds cooperation and leadership qualities.

8. Awareness of Regional Diversity

Helps students understand differences in climate, food habits, and traditions between different regions of Maharashtra.

NSS Handicraft Display

An **NSS (National Service Scheme) Handicraft Display** is an activity where students create and exhibit handmade items such as embroidery work, paintings, paper crafts, recycled products, and traditional art pieces. It promotes creativity, skill development, and awareness of local crafts.

Outcomes of NSS Handicraft Display

1. Skill Development

Students improve their artistic and craft-making skills like stitching, painting, and designing.

2. Promotion of Creativity

Encourages innovative ideas and creative thinking through handmade products.

3. Awareness of Traditional Crafts

Helps students understand and appreciate local and traditional handicrafts.

4. Entrepreneurship Development

Students learn basic business skills such as pricing, presentation, and selling handmade items.

5. Teamwork and Participation

Enhances cooperation, coordination, and group work among participants.

6. Environmental Awareness

Promotes the use of eco-friendly and recycled materials in craft-making.

7. Confidence Building

Students gain confidence by presenting and explaining their work to others.

8. Social Responsibility

Supports NSS objectives by encouraging community involvement and social awareness.
